SUBJECT : Ballistic Missile Production at Pao-chi

REFERENCE : Requirement No. C-NR3-80,275
Project No. C 644/63

1. This memorandum is in answer to the referenced requirement concerning ballistic missile production at Pao-chi, China. This study includes two photo enlargements and analysis of the industrial complex in question.

2. The industrial complex as described in NPIC/R-1323/63, June 1963 was analyzed in detail and no missile or missile related production was observed.

25X1 [redacted] of the Missile and Electronics Branch, PID/NPIC, assisted in the analysis of this area and it was their conclusion that there is no similarity between the industrial complex at Pao-chi and Moscow Guided Missile [illegible] Experimental Station, Kaliningrad 88.
